Service under this schedule is available on a voluntary basis to consumers meeting the availability requirements of the Cooperative's Medium General Service schedule. The terms and conditions of the Medium General Service schedule shall apply, except as modified under this schedule.

TYPE OF SERVICE

Standard service under this schedule shall be single- or three-phase, 60-hertz alternating current, at one of the Cooperative's standard secondary or primary voltages.

MONTHLY RATE

Grid Access Charges:

Single Phase Service	\$ 110.00 per month
Three Phase Service	\$ 190.00 per month

Demand Charges:

For all kW of On-Peak billing demand per month	\$ 12.75 per kW
For the On- or Off-Peak kW billing demand per month	\$ 2.25 per kW

Energy Charges:

For all On-Peak kWh used per month	6.09¢ per kWh
For all Off-Peak kWh used per month	4.55¢ per kWh
For all Super Off-Peak kWh used per month	3.92¢ per kWh

MINIMUM MONTHLY CHARGE

The minimum monthly charge shall be the greater of the following charges:

- A. The appropriate Grid Access Charge stated above,
- B. The minimum monthly charge specified in the contract for service, or
- C. The rated kVA capacity of the transformer(s) serving the consumer times \$1.75 per kVA.

Consumers requesting a service, which has been disconnected for less than twelve months, to be reconnected, shall be responsible for the greater of:

- A. The monthly minimum charge, as determined above, times the number of months the service was disconnected, or
- B. The Cooperative's current reconnection charge.

DETERMINATION OF BILLING DEMANDS

- A. On-Peak Billing Demand – The on-peak billing demand shall be the maximum fifteen-minute integrated kilowatt demand established by the consumer during the on-peak hours of the month for which the bill is rendered, as indicated or recorded by a demand meter.
- B. On- or Off-Peak Billing Demand – The On- or Off-Peak monthly billing demand shall be the maximum fifteen-minute integrated kilowatt demand established by the consumer during either the On-Peak or Off-Peak period in the month for which the bill is rendered. The consumer will not be billed for any demand occurring during the Super Off-peak period.

DETERMINATION OF ON AND OFF-PEAK PERIODS

For the period of April 16 through October 15, the hours are as follows:

- On-Peak Hours: 2:00 p.m.-6:00 p.m., Monday - Friday, excluding those holidays as designated by the Cooperative.
- Super Off-Peak Hours: 10:00 p.m. - 5:00 a.m., All days of the week, including the holidays designated below.
- Off-Peak Hours: All other times.

For the period of October 16 through April 15, the hours are as follows:

- On-Peak Hours: 6:00 a.m.-9:00 a.m., Monday - Friday, excluding those holidays as designated by the Cooperative.
- Super Off-Peak Hours: 10:00 p.m. - 5:00 a.m., All days of the week, including the holidays designated below.

seasonal rate option, the demand and energy charges associated with this schedule shall apply, but the Grid Access Charges and Minimum Monthly Charge shall be modified as outlined below.

Enrollment:

To receive service under the seasonal rate option a consumer must notify the Cooperative between October 1 and November 30 that they wish to be served under the seasonal rate option for the upcoming calendar year. If the Cooperative confirms that the account is an agricultural account and is indeed seasonal, the seasonal rate option will take effect with the first bill rendered after January of the upcoming year.

Term:

Consumers choosing the seasonal rate option shall commit to being served under this option for a minimum of two calendar years. Consumers choosing to return to the standard rate option for the upcoming calendar year after their being on the rate option for at least two years must notify the Cooperative by November 30.

Usage Months:

At the time a consumer notifies the Cooperative of their desire to take service under the seasonal rate option, the consumer shall choose their “Usage Months” from the options listed below. Usage Months shall be the three consecutive months the consumer is billed the Seasonal Grid Access and kVA Charges as outlined below under seasonal charges. The Usage Months options are:

- Option 1 – April, May, and June
- Option 2 – June, July, and August
- Option 3 – August, September, and October
- Option 4 – October, November, and December

During the non-Usage Months the consumer will only be billed for the actual kWh and kW used at the energy and demand rates shown in this schedule.

Grid Access and kVA Charges:

For the three Usage Months the following Grid Access and kVA Charges shall apply:

- Single-Phase Service – \$440.00 plus \$2.05 times the kVA capacity of the transformer based on the member’s load requirements
- Three-Phase Service – \$760.00 plus \$2.05 times the kVA capacity of the transformer based on the member’s load requirements

WHOLESALE POWER COST ADJUSTMENT

The above charges per kWh will be increased or decreased by 0.001 cents per kWh or major fraction thereof, adjusted for line loss, by which the Cooperative's cost of purchased power per kWh exceeds or is less than the base cost of power shown in the Wholesale Power Cost Adjustment Clause.

TERMS OF PAYMENT

Bills are due when rendered and are payable within fifteen (15) days from the date of the bill. If any bill is not so paid, the Cooperative has the right to suspend service in accordance with its service regulations.

SALES TAX

Any applicable State and local sales taxes will be added to all service billed under this schedule.
